

## *WSJ Society Reunion 2014*

### *Your Invitation*

Dear Friends & Colleagues,

This is your invitation to the Warren S. Johnson Society Reunion 2014. The reunion will be held at Johnson Controls Corporate HQ on Saturday, September 27, 2014.

The Warren S. Johnson Society was founded in 1989. This is our 25<sup>th</sup> Anniversary. Today the society has over 530 members from across the United States, Canada, and one Australian. Members include those in-careers at Johnson Controls with 20 plus years of service, those retired from Johnson Controls, and those who are the spouse of a deceased member.

Over the years, members have enjoyed continued relationships with colleagues, offered support to each other and to their local communities. Activities have included luncheons and reunions, in Milwaukee and other locations with a Johnson Controls presence. Members have also been regular participants in the United Way campaign sponsored by Johnson Controls. But that's just the start. Many of our members, in-career and retired, are fully engaged in their communities. Lifelong engagement initiated in a career at Johnson Controls sometimes goes into overdrive in retirement! You can check out activities of the society at the website: [WSJSociety.com](http://WSJSociety.com). And, members will be sharing their experiences at Reunion 2014 as “Ambassadors for Lifelong Engagement.”

Reaching this milestone year is an accomplishment. It's also a good time to review the role of the society in serving its members and the broader community. “Possibilities, what could the society be and do in the next 25 years?” That's a question we would like to ask members and candidates for membership, particularly those in-career; the future of the society. We'll do just that at Reunion 2014.

For that purpose, this invitation is being sent not only to members, but also to local candidates for membership who are in-career at Johnson Controls. We would like to get everyone's input. Please join us – it's going to be a great time! Check out the attached program and make your reservation early.

See you in September,

Jude Anders

Join in the Celebration!  
25 Years of Service

Saturday, September 27, 2014  
Johnson Controls Corporate Headquarters  
5757 N Green Bay Ave  
Milwaukee, WI

The Warren S. Johnson Society was founded in 1989. This is our 25<sup>th</sup> year of community, enjoying old relationships and creating new ones with people who share career experiences and values from Johnson Controls. That's 25 years of active engagement with each other and contribution to community. Let's celebrate our past and spend some time to set a direction for the next 25 years. Here's the schedule of activities for the day.

### **“Meet-up at HQ” Johnson Controls Corporate Headquarters 5757 N Green Bay Ave**

- 8:30/10:00 am **Gather at Corporate HQ**  
*Welcome and reconnect with friends over a light breakfast; catch a quick tour*
- 10:00/11:00 am **“Johnson Controls Today”**  
*Alex Molinaroli, Johnson Controls CEO, will update us on the company today. What a great opportunity this is to learn directly from Alex!*
- 11:00/11:30 am **“The Warren S. Johnson Society”**  
*Let's take some time to reflect on the direction for the WSJ Society to serve its members for the next 25 years. A light lunch will be available 11:30 am to 1:00 pm*
- 12:00/2:00 pm **“Ambassadors of Lifelong Engagement”**  
*Lifelong engagement is good for mind and body, for our communities and companies thrive in creative, engaged communities. That's a winning proposition all around! We'll have a series of small group discussions to share your experiences, engagement in career, in retirement, and in the transition.*

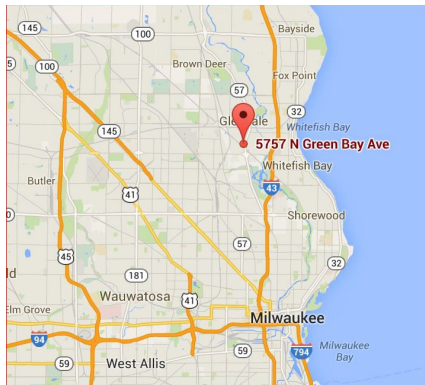

### **“Dinner-Dancing-Enjoying Friends” Italian Conference Center 631 E Chicago St**

- 5:00/6:00 pm **Gather & Enjoy Friends (Cash Bar)**

### ***A Map & More***

For those who may not be familiar with HQ, here's a map. Johnson Controls HQ is located in Glendale. You can get there from downtown Milwaukee by taking I43 north to the Silver Spring exit west. From Silver Spring west, take Green Bay Ave exit north to Johnson Controls HQ.

The parking lot for Reunion 2014 is shown in the photo to the left of the HQ building. You will find the front door from there. It's the only way to get across the moat!

### **More on “Ambassadors of Lifelong Engagement”**

This activity will allow participants to share their experiences in retirement and the preparation required. There will be a set of small group discussions led by a member volunteer who will share their story.

Participants will be able to visit a number of the discussions during the activity, contributing and learning from others in areas of particular interest to them. Topic areas planned so far include: Health & Wellness, Financial Planning, Volunteering, Lifelong Learning, Work/Start a Business, Travel, Crafts/Projects, Sports/Fitness. Contact Jude Anders

[jra4128@gmail.com](mailto:jra4128@gmail.com)) if you would like to volunteer to lead a discussion.

To add to enjoyment of this activity, Dennis Miller will be here with a collection of the robots he uses in his classes at Marquette U. School of Engineering. And, Scott Jamieson will bring a telescope (like the one in the picture) to talk about his work at the Milwaukee Astronomical Society. Both Dennis and Scott have taken their technical interests and expertise into their retirement years for personal satisfaction and contribution to community. You'll really enjoy their stories.
