

## *The Warren S. Johnson Society* *Membership Enrollment Form*

The WSJ Society is a social organization for retirees and past/present employees with at least 10 years of service with the company - Johnson Controls International, PLC and its subsidiaries. The society cordially invites you to join them to enjoy camaraderie, participate in discussions about issues facing its members and to learn about opportunities for community service. By joining, you'll be able to maintain contact - even from afar - with fellow members through the Society's newsletter and its web site (WSJSociety.com).

### **Meetings**

- **A bi-annual meeting of the Society is held for members from all parts of the world.**  
This every-other-year meeting is publicized through our Society's newsletter so you can make your plans to attend as soon as you hear of it.
- **A quarterly luncheon meeting is held in Milwaukee for all who can make it.**

### **Newsletter, Emailed Quarterly**

- News about the company.
- News about your retiree friends.
- News about the Society.
- Note: Newsletters are emailed each quarter as part of the membership dues. Hardcopy (paper) mailing of the newsletter can be purchased for an additional fee of \$6.00 USD/year (subject to change). This optional fee is in addition to our standard membership dues.

### **Benefits to Retirees**

- The Society provides a forum for members to talk about matters that its members are dealing with: money management, health care, recreation, activities and other topics.
- The Society is also a source of information on the Company. Johnson Controls officers and program managers are invited to speak at the Society's bi-annual meetings.
- Planned social activities.

### **Community Involvement:**

- Volunteering is fun and even more enjoyable when you're with old friends and work acquaintances - plus it's good for you and the community. As WSJ Society members, we can bring many years of valuable experience to projects needing our help. Whether it's building projects or working with the youth or the elderly, teaching or whatever, the Society Volunteer Coordinator can link you up with other interested retirees and projects.
